I am still trying to ascertain how much OT is needed. As of today, our burn rate is \$62,000.

Looks like we're running low on payroll for overtime at this point. Wanted to check with you all to see if there were any plans to go back to OB or OSWER (Jennifer Wilbur) for

assistance?

Superfund response to the Gold King Mine Spill ...

What are the restrictions (if any) around adding additional funds into payroll?

This site is being coded and charged as a removal; therefore, charging will occur under PRC 303DC6.

Region 6 is requesting our assistance as their backup. We need to determine how much we can afford to pay (regular and overtime).
